# Lab scale liquefier

**DO YOU NEED SMALL QUANTITIES OF LIQUID HYDROGEN?**

**Choose for the HYQUE L50,  
Cryoworld's lab scale liquefier**

The HYQUE L50 allows to

- produce your own green liquid hydrogen
- become independent of LH<sub>2</sub> supply logistics
- use your own wind or solar power

Liquefaction capacity 9.5 kg/day

Storage capacity 500 L,  
larger upon request

Compliant with EU regulations

Connects to LH<sub>2</sub> storage tank,  
movable lab dewar,  
distribution systems,  
filling station etc.

Havenweg 11c | 1771 RW Wieringerwerf, The Netherlands
